

2024년 우수학생포상(student of the year) 수상자

연번	이름	전공	과정	저널명	논문명
1	양ㅇ하	에너지환경정책	석사	Applied Energy	Analyzing heterogeneous electric vehicle charging preferences for strategic time-of-use tariff design and infrastructure development: A latent class approach
2	정ㅇ영	신재생에너지	박사	Chemical Engineering Journal	Transparent supercapacitors with networked Mxene on NiCo-layered double hydroxide
3	김ㅇ	첨단환경과학	석사	Science of the Total Environment	Impact of vehicles at the roadside of expressway in urban area Simultaneous measurement of particle size distribution and positive matrix factorization
4	김ㅇ동	첨단환경과학	박사	Science of the Total Environment	Characteristics of secondary aerosol formation during shortened multiday reaction experiments in a smog chamber: Effects of relative humidity and ammonia
5	이ㅇ철	첨단환경과학	박사	Desalination	Sustainable approach for selective lithium recovery: Capacitive deionization integrated with novel LMO flow-electrode
6	장ㅇ은	에너지환경정책	박사	Energy Economics	Are electric vehicle users willing to pay tax for charging electric vehicles? A case study of South Korea
7	고ㅇ녹	신재생에너지	석사	Journal of the American Chemical Society	Spectrally Resolved Exciton Polarizability for Understanding Charge Generation in Organic Bulk Hetero-Junction Diodes
8	이ㅇ아	에너지환경정책	박사	Energy Research & Social Science	Repurposing failed solar projects: Social conditions for successful reuse of photovoltaic systems in Bangladesh
